Local Notes.

Cut the weeds.

The corn crop is immense.

The melon-cholic days have come.

The water melon has arrived and
Rastus is happy.

"Big court" convenes the third Mon-
day in this month.

Home grown water melons are on
the market and are delightful.

The wheat crop is about all thresh-
ed out. The yield was about up to the
average.

A big crowd went to Cincinnati on
the excursion Sunday. Another will
be run Sunday-week.

There is a large crowd of people at
Crab Orchard Springs now. The fare
and accommodations are better than
in years.

John Dunn, the colored school teach-
er, who was operated on for appendi-
citis, died at his home in Duncanton
last week.

Mat Siler, better known as "Old
Foot," is again "on" as policeman.
He is the best night watchman the
town has ever had.

There will be a protracted meeting
at Fairview church, beginning Sun-
day, Aug. 13th, conducted by Rev W C
McCallum, of Lexington.

Lancaster has the best electric light
plant in the state. The rates are rea-
sonable and the service and manage-
ment all any one could desire.

Our good old friend, Mr W H Land,
of Buckeye, has our thanks for six im-
mense apples, the six weighing exact-
ly six pounds. They're beauties.

Lancaster may have shortcomings
in other respects, but we can boast of
fewer loafers than most towns have.
Only a few sit around the streets and
discuss other people's affairs.

The Sunday mail is quite a conveni-
ence. By the way, Mr. Gulley is pre-
pared to carry passengers and will take
you over in a comfortable wagon in
ample time for the trains both North
and South.

A war should be waged on the num-
berless worthless cur dogs in town.
There are more in Lancaster than any
town in the state, and, unless
the tax is paid, they should be exter-
minated.

The fair will draw a big crowd of
colored people to Lancaster. The dates
are 24, 25, 26. Leading colored people
of Lincoln and Garrard unite and give
a joint fair each year, alternating
Stanford and Lancaster for holding
same.

The Fiscal Court has purchased a
rock crusher which will not only enable
the officials to keep the pikes in good
condition but be a great saving to the
county. Its purchase was a wise move
upon the part of Judge Ford and the
magistrates.

If all other adjoining counties sent
as many people to the Danville fair as
did Garrard, the crowds must have
been record-breaking. Every available
conveyance was pressed into service.
The fair was a great success, but it
could not have been otherwise with a
man like Secretary Bright at the
helm.

Morgan's Men Reunion.

Morgan's Men will hold their annual
reunion at Parks Hill, Nicholas coun-
ty, on Tuesday and Wednesday, Aug.
15th and 16th. Our exchanges are re-
quested to copy this announcement in
order that all the "Boys" may know
of it. All ex-Confederates are invit-
ed to be with us. The railroads will
make a cheap rate, and board and lodg-
ing at the camp is only \$1.25 per day.
If you attend once you will want to
come again.—Carlisle Mercury.

Death of Mrs. Harris.

After an illness of many months, Mrs
Lettie Harris died at the home of her
daughter, Mrs. Jennie West, in this
city, Sunday morning. Mrs. Harris
resided in Garrard all her life and had
a wide circle of friends who loved her
for her many acts of kindness and
sweet, Christian life. Her husband,
Overton Harris, died some years ago,
and for some time she has made her
home with her daughter in this city.
She was a member of the Christian
church, and lived up to the teachings
of her church in every respect. She is
survived by four children, Mrs. Jennie
West, of this city, Mrs. Mollie Turner,
of Lakeland, Mrs. Will Broadus of
Louisville and Mrs. Joseph Faulconer,
of Middlesboro. The funeral services
were conducted at the residence of
Mrs. West, Monday, by Eld. F. M. Tin-
der, and the remains were laid to rest
in the Lancaster Cemetery.

ADDITIONAL PERSONALS

Mrs. Wilson, of Mississippi, is visit-
ing her sister, Mrs. Geo T. Farris.

Mrs. Edwards and children, of Mem-
phis, Tenn., are visiting Mrs. J. I. Ham-
ilton.

Mrs. J. L. Gilmore, of Cleveland, O.,
is expected this week to visit Miss
Anne C. Wallace.

Miss Anne C. Wallace has returned
from Columbia School of Expression,
Chicago, where she has been taking
a special course. Miss Wallace teaches
this in connection with her art work,
and is a fine teacher.

Doctors at Dripping Springs.

The Lincoln County Medical Society
meets this week at Dripping Springs,
and the givers of the pill will have a
jolly, good time. There are quite a
number of guests at Dripping now
enjoying the health-giving water.

Lawn Party Tuesday Night.

The ladies of the Presbyterian
church will give a lawn party at the
church Tuesday evening. Refresh-
ments will be served in the basement
and the yard brilliantly lighted for the
occasion. Admission only 15c, which
includes refreshments. They will
commence serving refreshments at six
o'clock. Everybody is cordially invit-
ed to come.

Train Time Changed.

The L and N has changed the leav-
ing time of the morning train for
Louisville and the South to 11:25 much
later than the old schedule. This
shortens the wait at Rowland very
much and makes it much better for
travelers both North and South. This
change is due to the recent trip to
Louisville by representatives from
Lancaster and Paint Lick. The mail
now closes at 11:10 a. m.

Must Cut the Weeds.

At the meeting of the City Council
Monday night, the marshal was in-
structed to give notice to property
owners to cut the weeds adjoining
their property, and all persons who do
not comply with the order in five days
will be proceeded against according
to law. This is a move in the right
direction, and if the law in regard to
throwing papers, slop, etc., will only
be enforced the health of the town
will be much better and the town not
have the appearance of a hog wallow.

Millard Route Sells Farm.

Mr. M. F. Route, one of the best-
known citizens of Garrard county, sold
his fine farm near the Fork church,
to A. T. Tucker, of Winchester, Wed-
nesday. It will be a great surprise to
the many friends of Mr. Route to learn
of the sale, and as he had little idea
his price would be accepted, we be-
lieve Mr. Route is as much surprised
as anyone else. The price was \$100
per acre, cash, and the place was
bought through Mr. Rue, real estate
agent of Harrodsburg. Garrard county
never had a more honorable or popular
citizen than Mr. Route, and his legion
of friends will be delighted to know
that he will remain with us and buy
another place. Asked as to his plans,
he said: "Garrard is home with me,
and as long as I can do so, I am going
to stay within her dear old borders.
No sir-ree, I don't leave the best
county in the best state on earth."

The Whipping Post.

The Herald is in receipt of the fol-
lowing letter from a "Grieved Har-
rodsburg Wife," who expresses an
earnest hope that it will not go into
the waste basket. She says: "The
council passes many laws to protect
the city from being bothered with
drunkenness and vagabonds but they
don't seem to care for the poor unfor-
tunate women and children who have
drunken husbands and fathers. If
they did they would enact an ordi-
nance to fine the drunkards so many
days in the work house and make them
work it out instead of fining them and
taking the money, for it robs the wife
and children to pay the fine, for he
will sell the last cow and the last
feather from under his sick wife's
back to pay the fine rather than work
it out on the rock pile. Therefore it
is not the drunkard that is fined, but
the poor helpless women and children.
In my opinion it would be a godsend
to go back to the old dispensation
when such offenders were tied to a
post in some public place and given
the lash. If such was the law it would
cause many reformatations, and would
be much better than taking the mon-
ey from the innocent and causing
women and children to want for
bread."

Popular Young Couple Married.

One of the greatest surprises in lo-
cal society was the marriage of Miss
Lillie V. West and Henley V. Bastin,
which took place in Cincinnati last
Saturday. While the young couple
have been sweethearts for some time,
yet their most intimate friends did
not know a wedding was so close at
hand, so well was the secret kept.
They drove to Danville Saturday morn-
ing and took the Queen & Crescent
Route to the Queen City. It was not
an elopement, there being no objec-
tion on the part of the parents, the
happy young couple merely adopting
this plan for the novelty thereof. The
bride is the youngest daughter of Mr.
and Mrs. Alex. West, and is one of the
most popular girls in local society. She
is very pretty and has many accom-
plishments and noble traits which go
to make up a model helpmeet. Mr.
Bastin is the eldest son of Mr. and Mrs.
A. H. Bastin, has been connected with
the Bastin Telephone Co., since its or-
ganization. We have never known a
more honorable and deserving young
man, or one with a brighter future.
He is an expert electrical engineer and
his ability as such has attracted the
attention of the leading electricians
of the country, he having had quite a
number of very flattering offers from
prominent firms in this business. He
is a conscientious, Christian boy, and
that he will succeed in life there is
not a shadow of doubt. The Record
joins with their legion of friends in
well-wishes for the bride and congrat-
ulations to the groom.

Hamilton.

Mrs. Nannie Hamilton died at home,
on the new Danville pike, Friday
afternoon. She had been suffering
from heart trouble and dropsy for
some time, but her condition did
not become critical until a few days
before her death. She was the widow
of R. C. Hamilton, and daughter of the
late James Herring. She leaves two
sons, James and Clay, the former hav-
ing resided in the South for some time
and the latter living with his mother.
Mrs. Hamilton was a member of the
Christian church, and a kind hearted
woman who was beloved by all who
knew her. Eld. F. M. Tinder conduct-
ed the funeral services at the grave,
the interment taking place at Lan-
caster Cemetery at four o'clock Sunday
afternoon.

Death of Mrs. Rigney.

Announcement of the death of Mrs.
Pauline Rigney was a surprise to the
many friends of the family Monday
morning. While she has not been in
the best of health for some time, yet
she was not seriously ill until Friday
night, growing worse rapidly until the
end came about eight o'clock Sunday
evening. Mrs. Rigney was the wife of
the late Senator F. D. Rigney, one of
the most prominent and honorable cit-
izens of Kentucky, and a soldier in the
Mexican and Civil wars who won dis-
tinction in both conflicts. Before
marriage, she was a Miss Wilkerson
and resided in Casey county. Major
and Mrs. Rigney continued to reside
in Casey until his death several years
since, when she moved to Lancaster
and has since resided here. One son,
Mr. W. O. Rigney, of this city and two
brothers, of Casey county survive her.
She was a life-long member of the
Christian church and her life was
spent in doing good for others and liv-
ing up to every teaching of the Bible.
The funeral services were conducted
at the residence of her son, on Water
street, Tuesday afternoon, Elder
F. M. Tinder officiating, at the conclu-
sion of which the remains were laid
to rest beside those of her husband in
the Lancaster Cemetery.

tian church will have an entertain-

THE PEN PUSHERS AT CRAB ORCHARD

1. SUNSET ON THE LAKE. 2. THE LAWN. 3. POINT LOOK OUT. 4. WE ARE BEING TOOK. 5. A BUNCH OF LIVE ONES. 6. WE ARE IT.

The accompanying picture will give
our readers some idea of the beauti-
ful grounds and surroundings at the
famous Old Crab Orchard Springs, al-
though justice is not done to either.
As it was the writer's good fortune
to spend a week there with the Ken-
sington Press Association, we resolved
to let our readers know something of
the place, its many health-giving
qualities and delightful recuperating
effects. There are three hotel build-
ings, the main one being a handsome
brick, erected at a cost of \$100,000, the
others being two story, comfortable
frames. Some years ago, Crab Or-
chard Springs was the leading summer
resort in the south, but incompetent
hands got into control and its popu-
larity decreased to a great extent. About
fifteen years ago the property was pur-
chased by the Keeley Institute and in
addition to the summer resort this
feature was established. A few years
ago, the company secured the services
of Capt. J. B. Willis, one of the best
hotel men in the South, and he, with
his estimable and lovely wife have

built up a reputation which has
brought the crowds up to the old time
numbers and the houses are well fill-
ed all the time. There is absolutely
no doubt but that the waters at Crab
Orchard Springs excel those found at
any resort, and the best physicians
testify as to their health-giving prop-
erties.

The Keeley Institute has proven a
God send, and the wonderful cures it
has brought about have brought joy
into many homes on the verge of be-
ing wrecked by the drug and drink
diseases. This treatment is one of
the most wonderful discoveries of the
age, and is certainly appreciated by
those who have undergone the suffer-
ing and agony caused by whiskey, mor-
phine, cigarettes and other similar
poisons. The treatment is mild, and
absolutely harmless. The patient is
given all the whiskey or morphine he
desires, and the desire for them pass-
es away so gradually that a person is
absolutely free from the craving be-
fore he realizes it. A tonic is given
and the weakened and almost wrecked

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky., August 11, 1905

There is more genuine, sincere friendship existing among the members of the Kentucky Press Association than in any other body or organization that we know, and we belong to almost every lodge and secret society in existence, and there is one member of the press whom every editor loves with all his heart, and that man is Clarence E. Woods, of Richmond. He is big hearted and as gentle as a girl, and his lovely manners, sincere bearing and constant effort to be of some service to others have caused the newspaper men to form an affection for him which time nor adversity can not eliminate. If the entire population of the country was composed of men like him, there would never be cause for tears or despondency.

The Eighth District Publisher's League, which was formed at Crab Orchard Springs, and is an auxiliary to the state association, will meet at Nicholasville the first Friday in next month and perfect plans of operation. It is the purpose of the organization to work together in the upbuilding of the Eighth district, the protection of the newspaper interests and for social enjoyment.

A highway robber got to sizing up the situation in New York High financiers were able to "hold up" insurance companies and other human activities in the city. Why might not he "hold up" something else and make his pile, too? So he undertook to hold up a passenger train on the New York Central railroad and got left. He will go into high finance after this.

Nikola Tesla, the inventor of wonderful but useless things, has a new

device by means of which he says he will be able "to throw the earth out of its orbit." It is not believed that the invention will be patentable, as Thomas W. Lawson has a number of schemes that he claims will wobble this old planet out of its path.

An Indiana man recovered his speech after having been dumb five years. He heard a woman play a piano and became so eager to compliment her that he suddenly found his voice returned. He should have heard a piano years ago, he would have got his voice back, but not for a compliment.

When a man is engaged he plans to have a little private room in his office for his wife so that they will not have to be separated during the day. After he is married a few years he writes his wife he is lonely without her, but if she is having a good time to extend her vacation a few weeks.

An Indianapolis man who received a gratuitous consignment of cigarette papers through the mail, explained to one of his friends that he burned up the papers. Questioned closely he admitted that he burned the papers one at a time and always with a roll of tobacco.

A Pittsburg spinster left her property, valued at \$200,000, to a former lover, provided he got an absolute divorce from his wife, the woman who won the man away from the testatrix. For \$200,000 it looks like the man ought to be able to buy sufficient ground for a divorce.

Russell Sage will be 89 years old Friday. He is getting very garrulous of late years and it is now said that he will give a column interview whenever asked. As yet, however, he has refused to give away anything more valuable than an interview.

Let us stop a moment to speak well of Mr. Rockefeller's beneficence. He has given away forty millions of dollars, and not turned a hair. There are but few of us who could or would give away \$40,000,000 without squirming.

Portland, Ind., has a woman who can eat pins, bolts, eight-penny nails and other hardware of this sort without apparent injury to herself. After a full meal of such delicacies she is said to be very tack-full.

The Kansas doctor who refused to operate on a patient for appendicitis probably found at the last minute that the man's appendix had already been cut away. Such action is explicable on no other grounds.

A minister of Peru, Ind., has found that it helps the size of his congregation by serving ice cold lemonade during the Sunday services. It might help still further if the lemonade were "spiked."

A man of the name of "Damm," living in Denmark, Tenn., has petitioned the court to change his name. If he thinks his present name too strong, we suggest O. Mercy or Fudge.

The fellow who goes through life without having tasted home-made bread—big slices and wholesome substance—has missed one of its greatest joys.

An Indianapolis girl was so taken with a blue tie that her sweetheart wore that she exclaimed: "Oh, you ought never to wear anything else."

A Kentucky woman of 33 is soon to be led to the altar for the ninth time. She must have an interesting collection of clocks and berry dishes.

Forty-eight thousand immigrants landed in the ports of the United States in July. It is too many. The flood ought to be stopped.

A Louisville girl fainted when a man began a flirtation with her. Executive joy has frequently been known

to bring on fainting spells.

A Wisconsin bachelor speaks. He says it's a funny thing that no one ever saw a girl out driving with a one armed man.

The series of meetings at this place, conducted by Rev. W. D. Moore, of Ripleyville and Rev. C. S. Ellis, pastor closed Friday morning. There were forty one additions and we all feel that a great work has been done.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Winters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague; my nerves were wrecked; I could not sleep, and my stomach was so weak from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at McRoberts drug store; price 50c 1m

An Honor Long Deferred.

In every newspaper we pick up we are sure to find a lot of gush about the man behind the gun, the man behind the buzz saw, and the man behind the son, the man behind the times and the man behind his rents; the man behind the plowshares and the man behind the fence; and the man behind the whistle, and the man behind the bars; the man behind the kodak and the man behind the cars; the man behind his whiskers and the man his fists; and everything behind has entered on the list: but they've skipped another fellow of whom nothing has been said—the fellow who is even, or a little way ahead; who always pays for what he gets, whose bills are always signed—he's a blamed sight more important than the man who is behind. All we editors and merchants, and the whole commercial clan, are indebted for existence to this honest fellow-man. He keeps us all in business and his town is never dead, and so we take our hat off to the man that is ahead.

Pencil and Scissors.

Girls who say the least are soonest married.

A girl is always proud of her new hat until she meets another girl with one that is more freakish.

When an old fashioned woman goes away on a trip her last words are, "I just know something will happen at home while I am gone."

When a man amounts to a great deal more than his father it indicates that he had a very superior woman for a mother.

The reason a widower forgets soon er than a widow is that the latter has to wait till a man hunts her up, and tells her it is time wanted to remember.

What a pity that young people who are out of school cannot realize now what they are losing. Better go while you can; it will make life easier and much more pleasant in the future.

Some time ago one man bet another that he could not move an ordinary brick tied to the end of a cord two or three miles long. A straight and level road just outside of Chichester, N Y was selected for the trial. The brick was not moved, and the man lost his bet for a large amount. It was stated by some one present that the brick, although weighing only seven pounds would from a distance of two or three miles represent a dead weight of nearly a ton.

At the hands of a thief or a murderer few of us in this life ever suffer, even indirectly. But from the careless tongue of a friend, or the cruel tongue of an enemy, who is free? No human being can live a life so pure, so true, so fair, as to be beyond the reach of malice, or immune from the poisonous emanations of envy. The insidious attacks against one's reputation, the loathsome innuendoes, slurs, half-lies by which jealous mediocrity seeks to ruin its superiors, are like those insect parasites that kill the heart and life of a mighty oak. So cowardly is the method, so stealthily the shooting of a poisoned thorn, so insignificant the separate acts in their seeming, that one is not on guard against them. It is easier to dodge an elephant than a microbe.

In Memoriam.

On Saturday morning, July 30, 1905, after a brief illness of four days, Mary Harden Grow was called home by her reward. All that tender hands and loving hearts could do, was done, but all to no avail for the "Wheat was ripe," "the hour was come," and the Reaper claimed his own.

Sister Grow was born at McCreary, Garrard county, Ky., March 21, 1861. At the age of thirteen she gave her heart to the Lord and united with the Baptist church at Buckeye, of which church she was a devoted and consistent member to the day of her death. Nov 12th, 1902 she was married to W N Grow who with four sisters and three brothers still remain to mourn her departure. Mary Grow was not only a Christian by profession but also by practice. She loved her church and was faithful in the discharge of her church duties and regular in attending the services and doing what she could for the Master. She loved her Bible and many were the passages marked by her own hands. She was a devoted and loving wife, a tender and affectionate sister, a kind and generous neighbor. While her form sleeps beneath the sod in the city of the dead we have reason to believe that her spirit basks in the real sunshine of God's love. The silver cord that was broken here is fastened in the Eternal City.

A Card.

We take this method to thank the many kind friends and neighbors who were so very kind and helpful to us in our dark hours of sorrow. May God bless them all in his prayer.

W N Grow and family.

SHIFTLESS

Is the term generally applied to the man who lets his fences fall into ill repair, while he whistles and whittles his time away. But there's many a well-dressed, prosperous man who is equally shiftless. He feels his health breaking down, but does nothing to repair it. His stomach is "weak." His heart and liver trouble him. He neglects his health until a total breakdown comes.

Men and women who, by self neglect, become at last victims of nervous prostration and general debility will find certain help and an almost certain cure in the use of Dr. Pierce's Golden Medical Discovery. The common cause of debility is lack of nutrition, because the stomach is diseased and the food eaten cannot be properly digested and assimilated. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and restores physical health by enabling the perfect digestion and assimilation of food.

"I am an engineer by trade and the hard work and worry of running a large engine brought on nervous prostration," writes Mr. Chas. F. Dixon, of Arbutus, Colusa Co., Calif. "A friend recommended Dr. Pierce's Golden Medical Discovery to me and I bought one bottle; I thought it helped me, so continued the use of it until I had taken six bottles. I feel better than ever in my life. Am not a particle nervous, can work hard all day and sleep sound at night. I not only think so, but I know that the 'Golden Medical Discovery' cured me, and therefore I will recommend it to others."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

Land Stock and Crop.

Woodford county buyers paid one dollar for wheat last week.

The valuation of farm lands in Bourbon county exceed that of any county in the State.

English Anderson, of Montgomery county, sold forty 800 pound steers at 4 cents.

The butter and egg produce of Iowa sold for more money last year than the entire corn crop of the State.

At the sale of Judge S. Phelps in Fayette county, a sow and pigs of "thin rind" breed brought \$8.00.

James Mitchell, a Franklin county farmer, lost two valuable mules which ate Paris green. Mr. Mitchell paid \$250 for the mules, and thinks some person gave his mules the Paris green. At Ducker Station, seven fine, fat steers belonging to Bud Smith, the well known farmer, ate some Paris green last week and died from the effects. The poison was kept in the barn to be used on tobacco plants. They licked the Paris green and all died.

There is a clamor over the country for cheap feeding cattle, says the Breeders Gazette. This is likely to be a high priced crop of corn and the stockmen must mark down the price of his goods. Iowa and Nebraska want \$3.25 and \$3.50 feeders and intimate

that these prices must be quoted to secure a free movement toward feed lots. At present the country is watching the growing corn crop. August is the month of development and much of the area is so backward to no definite conclusion can be formed within five or six weeks but the demand for

cheap feeders is insistent and no other kind will be wanted.

W. M. Cravens, a former Kentucky tobacco raiser, but now living near Pine Bluff, Arkansas, last year, succeeded in raising two crops of tobacco on the same piece of ground. He began experimenting some years ago and found that the plant would ripen in from 70 to 80 days, which is a much shorter time than is required in this state. He says: "The tobacco was planted in May of last year (White Burley). It matured in about eighty days, and cured ready for stripping in sixty days. I let some of the suckers grow, and cut second crop, which matured fully and cured up nearly as good as the first crop. The first crop of tobacco was brighter and of softer fibre than Kentucky Burley. From the two crops more than 2,000 pounds can be raised to the acre. The land is a black loam, with red line clay subsoil, same character of soil as the Kentucky River valley in Kentucky."

Every girl imagines she would be a queen in society, but for the fact that she has more sense than beauty.

Before a man decides that he even likes the girl better than any other she has made her choice between a church and a home wedding.

As I am getting along in years, I have concluded to quit farming. I will on THURSDAY August 21, 1903, at my residence in Garrard county, Kentucky, sell to the highest and best bidder, my farm of four hundred acres of good rich land in a high state of cultivation. It is well improved, has good fencing, and a good two story frame residence with ten large rooms, two small rooms, two halls, two back porches, two bay windows, a beautiful front veranda, and as pretty a rolling front yard as heart could wish. The farm can be divided into three lots. One hundred acres with the residence and all necessary outbuildings consisting of two barns, three corn cribs, carriage house, meat house, ice house, granary, pool, never-failing cistern, two good cellars, three never-failing ponds of water, one good pool. This 100 acres is all in grass.

The remaining 300 acres can be divided into two lots, and has upon it one large tobacco barn, at 125 feet, 100 feet of it being floor, with racks and troughs, good corn crib, well fixed for feeding cattle or hogs; also a tenant house, never failing well, two lasting pools of water and five good springs. Half of this 300 acres or more is good tobacco land, and in grass, except about 75 acres and the whole farm of four hundred acres lies well. The farm is within one and a half miles of Paint Lick, Ky., on the Lancaster and Richmond turnpike road with the L. & N. R. R. running through Paint Lick, one of the best business villages in Kentucky. There are three large general merchandise stores, one good drug store, one good corn and flour mill, one bank doing a good business, 2 carriage shops, two blacksmith shops, hotel several boarding houses and 2 livery stables. It is one mile from Lowell, another thriving village, with the L. & N. R. R. running through it, has a good sulphur well, is within one mile of three churches and two schools, and ten and a half miles from Lancaster the county seat of Garrard county, with a nice smooth turnpike road. The community for quietness, peaceableness, sobriety and Christianity cannot be surpassed.

Also at the same time and place will sell

Thirty three head 2-year old Mules Broken to work, (21 Mares and 12 Horse)

the rise of 15 hands high, some good brood mares, colts, some combined mares and geldings, some well bred two year old horses and fillies, from forty to sixty head of cattle, two twelve head of two year old steers, cows, calves and hogs; one good black jack, foaled in 1902, fifteen hands high, sired by Kentucky Grant, he by Grant, Jr., he by Caldwell Grant, by imported Palmer.

One Stallion Gov. Eagle, sired by King Dictator 10688.

This is a well bred horse, having the blood of Nutwood, 2,187, Pilot Jr, sire of the dam of Band 8, 387, has trotted a mile in 2:20 himself, foaled May 12th, 1897, full 15 1/2 hands high. Full pedigree will be given on day of sale. The farm will be offered in separate lots, then as a whole, and in the way it brings the most money—that is the way it will be sold. It will be sold in three payments, one third to be paid January 1st 1906, when possession will be given. A note with interest will be required on the first payment; note to be executed on day of sale; the remainder to be paid in two equal payments, January 1st, 1907 and January 1st, 1908, with interest on the unpaid balance. A Touching Story.
Is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. E. McRoberts drug store; 50c and \$1 guaranteed. Trail bottle free. 1m

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by acting on the stomach. It soothes the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 25c and 75c. All druggists.

A New Treatment

For the pores of the skin which beautifies the complexion.

Many people, especially ladies, are annoyed with dry, scaly skin, black heads, pimples and blotches. Such ailments are generally treated with cold cream, face lotions, witch hazel preparations, etc., which only afford temporary relief, if any. The trouble exists in the inactivity of the pores of the skin. If the pores are healthy and perform their duties properly the complexion will be good, unless the person is suffering from some chronic blood trouble.

A Louisville chemist has succeeded in perfecting a product known as Paracamp, which, when applied to the face and hands or any part of the body, opens the pores, removes all unnatural obstructions by stimulating the circulation and inducing perspiration. Paracamp sweats out the trouble. It washes out the poisons out of the skin, makes them healthy and active, thereby giving a smooth, rosy, satin finish to the skin. This new preparation is being used very largely by complexion specialists with the greatest success, and is highly endorsed by all physicians, owing to the fact that it is pure and harmless. Paracamp can be purchased at any first-class drug store, or if your dealer does not keep it, order direct from the factory. The price is within the reach of all. Sold only in 25c, 50c and \$1.00 bottles. Manufactured only by The Paracamp Company, Louisville, Ky.

CURE FOR HAY FEVER

R. E. McRoberts Says Hyomei Will Give Relief. Sold Under Guarantee.

R. E. McRoberts wish us to announce that when Hyomei is used as a preventive, or cure, there will be no hay fever. He advises daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane. The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by R. E. McRoberts under guarantee to refund the money if it does not give satisfaction.

HOWE'S TORICOID GLASSES

"TORICOID GLASSES" are spectacle and eye-glass lenses ground in a peculiar manner, so as to give a much larger, clearer field of vision than any other glasses and a sense of freedom and comfort to the wearer that no other glasses afford, and which can be appreciated only by those who have tried them. They are without question, the most scientific, and most carefully constructed glasses that have ever been made; and when made into BIFOCALS (near-sighted and far-sighted glasses combined) can be worn with as much comfort as single-lens glasses. This cannot truthfully be said of any other form of Bifocal Glasses.

"TORICOID GLASSES" are made only by T. J. Howe & Co., Louisville, Ky., and are sold by them and their authorized agents under a positive guarantee that if they do not give satisfaction in every way they may be returned and the money paid for them will be refunded. If you have any trouble with your eyes, or if your glasses have not given you perfect comfort and satisfaction in every way, write to us about "TORICOID GLASSES"—mentioning this paper.

Guard Against Germs
Keep Well by Strengthening the Stomach in Summer with Mi-na.

Everyone with weak digestion should use Mi-na at this season and so strengthen the stomach that disease germs can have no effect whatever. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, that any disease germs which may enter the stomach will be destroyed, and food will be so readily assimilated that a rapid and healthy increase in flesh will result.

Nervousness and sleeplessness come more often from a weak stomach than from any other cause; headache, backache, and rheumatic pains are directly caused by an acid condition of the stomach. Mi-na corrects all this, prevents the formation of acids, and nervousness, kidney trouble, or rheumatism, is quickly cured.

Ask R. E. McRoberts to show you the guarantee under which he sells Mi-na. Price 50c. It costs nothing unless it cures.
